

iACM Manual

Prepared by Apoorva M K, edited by Govind Jeevan.

Overview

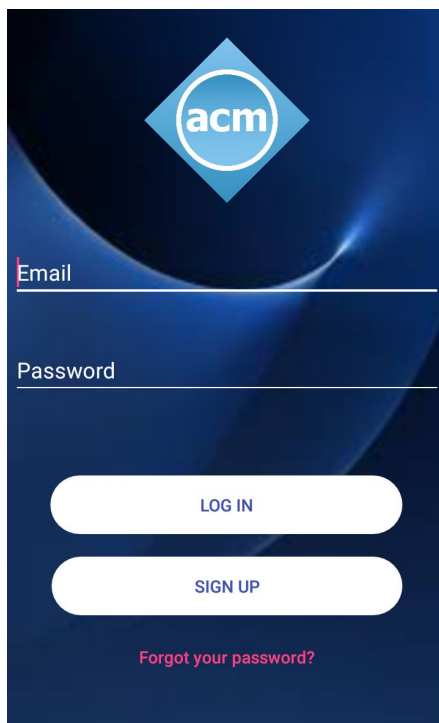

iACM is an app that intends to function as, but not limited to an event notification platform for ACM events. The goal is to increase coordination and member participation in the activities of the club. Members will receive points for every event attended. Come semester end, the top scorers will be deemed victorious and awarded. The low scorers....oh well.

Log in/Sign up

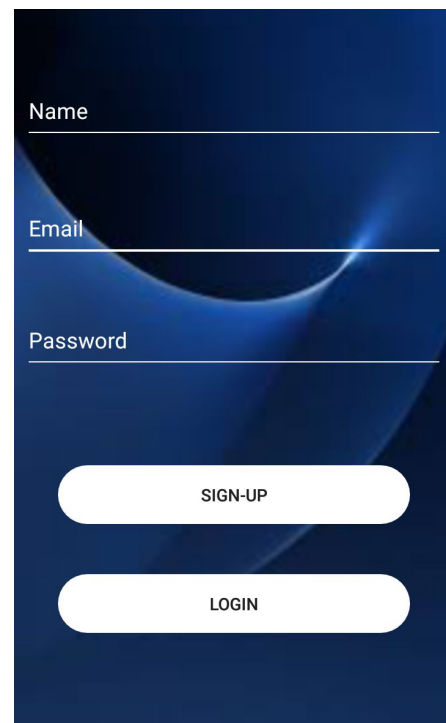

In the beginning you will be directed to a login screen.

If you are a new user click on Sign up. (The Sign Up option will only be available periodically)

After registration, in case you don't remember your password click on Forgot Password and follow the instructions.

The login screen features a dark blue background with a subtle light effect. At the top center is the iACM logo, which consists of a blue diamond shape containing a white circle with the letters 'acm' in blue. Below the logo are two input fields: the first is labeled 'Email' and the second is labeled 'Password'. Underneath these fields are two white, rounded rectangular buttons. The top button is labeled 'LOG IN' and the bottom button is labeled 'SIGN UP'. At the very bottom of the screen, there is a link that says 'Forgot your password?' in a small, red font.

The sign-up screen has a dark blue background with a subtle light effect. It contains three input fields: the first is labeled 'Name', the second is labeled 'Email', and the third is labeled 'Password'. Below these fields are two white, rounded rectangular buttons. The top button is labeled 'SIGN-UP' and the bottom button is labeled 'LOGIN'.

Home page

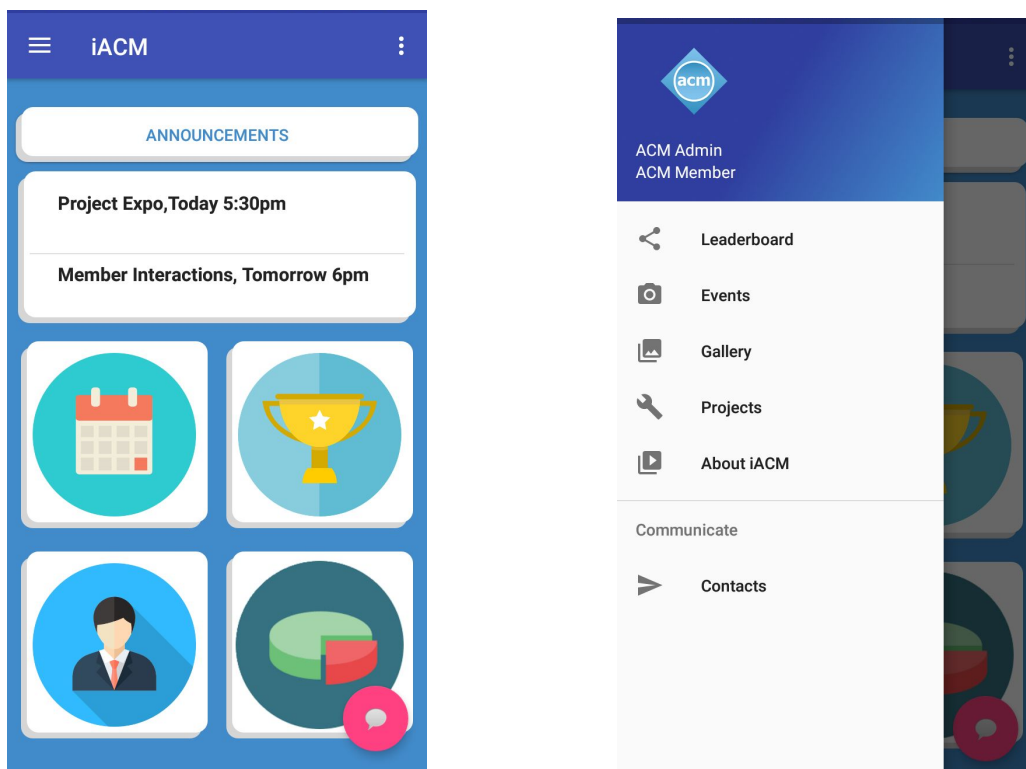

The home page has 4 buttons corresponding to Events, Leaderboard, Projects, Contacts.

Projects, Contacts modules are yet to be implemented. Sanga peeps, I'm looking at you.

The hamburger menu opens if you click on the top left button with the same options.

Top right menu provides Change password, Sign out, access to Admin Portal for administrators only.

The message floating button on the bottom can be used view the ACM Whatsapp group.

Events

It shows a list of events sorted by date (most recent to oldest).

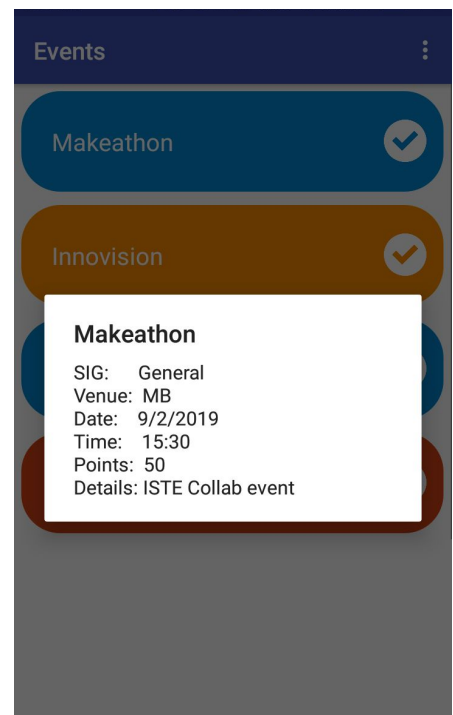

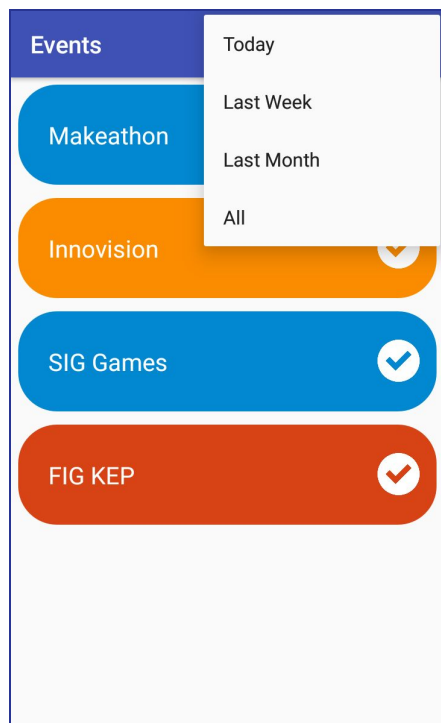

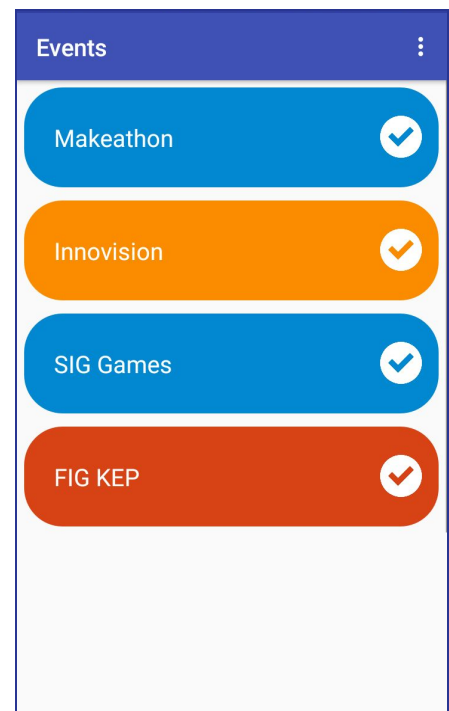

The menu on the top right allows for view of the last month, last week, today.

Clicking on the event will display with all details in a pop-up. Click anywhere outside the pop-up to close it.

Attendees request attendance by clicking on the check mark.

Every time a new event is added users will receive a notification and on clicking the notification users will be taken to the events list.

Events are colour coded according to SIG.

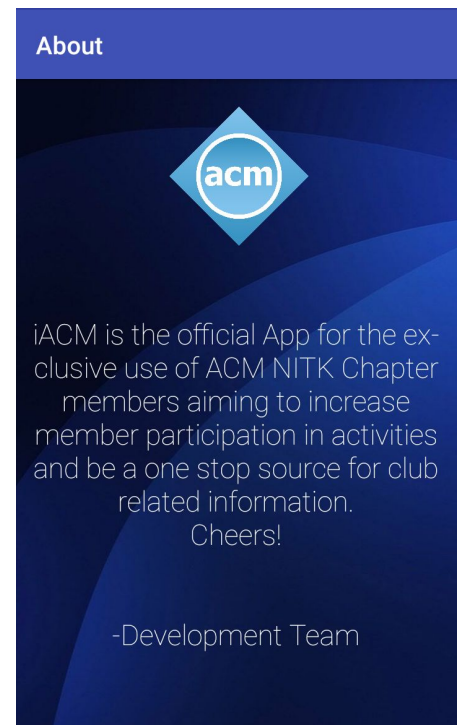

Leaderboard

Leaderboard shows the list of all members and corresponding points earned. The current user's field is also highlighted.

Leaderboard		
1	ACM ADMIN	30
2	APARNA MENON	26
3	XAVIER	25
4	JAYANTH PUTTA	20
5	JOHN	18
6	THARFEED AHMED	15
7	VIVIN	14
8	APOORVA M K	13
9	OMKAR VARADAI	10
10	YASHAS G	10

About iACM

Provides a quick overview of the app.

Admin Portal

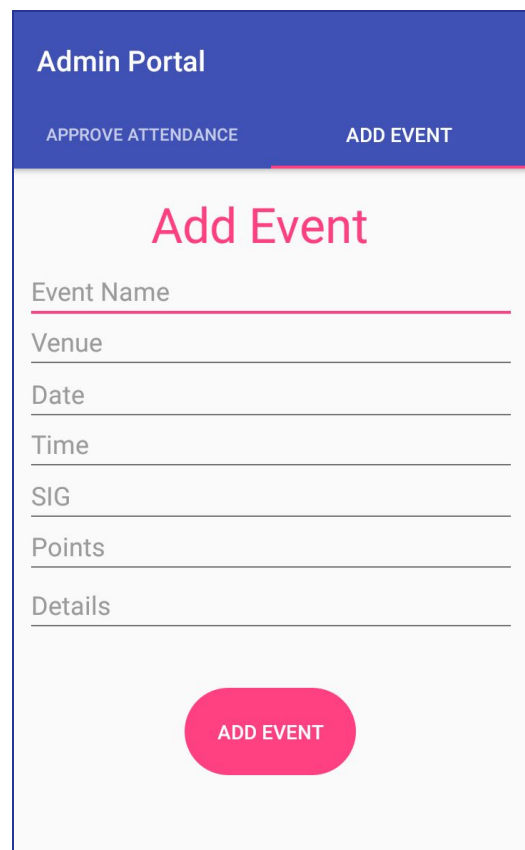

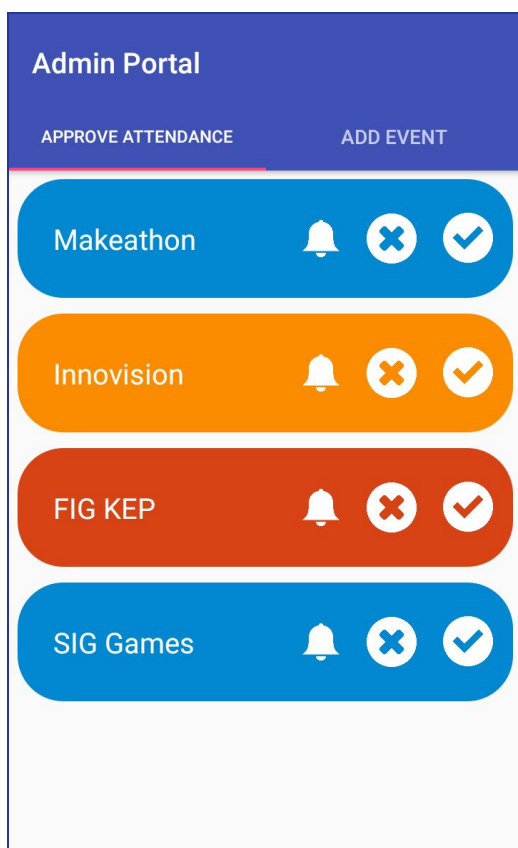

The two tabbed activity has two tabs one for marking attendance and other for adding event.

The Mark attendance tab also has a cross button corresponding to each event which can be used to remove an event.

The Add Event tab is to create a new event with all details.

The Mark attendance moves to another tabbed activity to mark attendance.

The bell icon can be used to send a reminder for an event.

Mark Attendance

It has two tabs, Request to approve requests and Approved to see those who have been confirmed.

The Accept button under Requests approves requests.

The Reject/Remove button in the respective tabs removes the user from the list.
